Preamble: -

We proudly present SMILE SESVS's 9th Annual Activity Report and express gratitude to all our stake holders for their firm faith on us and their support through which we could reach out to more than 10000 families through Self Help Groups in Chhattisgarh with our programs on Livelihood, Health and Social Concern.

We could also ponder upon new avenues with the objective of Sustainable Development Activities for our beneficiaries.

We also registered two more entities as SMILE Trust and SMILE Firm and now and onwards all three entities i.e. SMILE Samajik Evam Sanskritik Vikas Sanstha, SMILE TRUST and SMILE FIRM will be called the parts of SMILE Group with their individual governing bodies, separate legal proceedings and standings.

This report is of,"SMILE Samajik Evam Sanskritik Vikas Sanstha." 

Limitation of fund was a big challenge but could not limit our programs and activities, at the same time we evolved methodologies for cost cutting; like our staffing pattern, implementation of IGPs and people’s participation and contribution towards it.

We thank our General Body and Executive Committee for their support and for mobilising donations which could support our activities.

Our relations with state administration was strengthened as we were invited in many state events as resource; specially our 3-phase IGP and its implementation impressed authority which gave us the opportunity to reach out to more people throughout the state through our Sustainable Livelihood Programs.

We could sustain the leap towards self reliance in purchase, manufacturing and sales in our on-going activities regarding Livelihood in different districts.

We could link our SHGs to the Super Markets and also could start supply of households, sanitation and cleaning materials to Government Hostels on the order by Adivasi Department.
